### **NGPP SOUTHEAST REGIONAL CHARITY HANG AT THE EASTSIDE FAMILY YMCA**

GREENVILLE, July 8, 2009 – The Western Carolina and the Carolinas chapters of the National Guild of Professional Paperhangers donated significant remodeling to enhance the Multipurpose Room of the Eastside Family YMCA in Taylors. Periodically, the Guild selects a worthy non-profit to redecorate at no cost. Their interest is in helping charitable organizations by donating labor, skills and equipment. The event is called the Charity Hang.

At the Eastside Y project, members of the guild from Western Carolina, Carolinas, Atlanta and Tampa Bay chapters installed 125 yards of Flexiwall's Faster Plaster to cover cinder block walls. After that was done, the new surface was covered with vinyl wall covering selected by the Y. Altogether eight paperhangers participated for the two-day event on June 12 and 13. Roysons donated the materials.

“This new wall covering warms up the room,” said Heather Wyatt, Childcare Director at the Eastside YMCA. “We use the space for childcare, karate classes and even board meetings. The new wall covering makes the room look bigger! We are delighted to have been recipients of a Charity Hang and grateful to the NGPP.”

The National Guild of Professional Paperhangers can be contacted through their website: [www.ngpp.org](http://www.ngpp.org). Dave Dibacco is President of the NGPP and Danny Murdock is President of the Western Carolinas Chapter. Joan Hobbs is the Southeast Regional Director and the Carolinas Chapter President of the NGPP.
